GENERAL INFORMATION

The articles solely reflect the authors' viewpoints and do not necessarily express the opinion of the IREB; some articles might not represent the official position of IREB.

The authors are responsible for the authorized use of images, diagrams etc. whose copyright is owned by third parties.

For the period of the statutory term of copyright and any possible extensions of the term of copyright, and without restrictions in terms of space and content, the authors have assigned to IREB the non-exclusive, assignable right of use for the reproduction and propagation of the work within the scope of the magazine.

No material, articles or parts of articles of the Requirements Engineering Magazine may be reproduced in any form – except for private reasons according to our conditions of use – without permission of IREB.

ISSUE 2017-02: STAYING ON THE RIGHT PATH:

Article "The goal is to solve the problem", Motive: "3D stepping stones in ocean" / ©iStockphoto.com/kirstypargeter
Article "What is a Useful Perspective in Considering Requirements Engineering Relative to Systems Engineering?", Motive: "Wooden footbridge with lookout to sky" / ©iStockphoto.com/fotolinchen
Article "To Brainstorm or Not to Brainstorm", Motive: "Lovcen Mountains National park at sunset" / ©iStockphoto.com/TPopova
Article "REQM guidance matrix", Motive: "Unberührter Bambus-Wald am Sonnenaufgang" / ©iStockphoto.com/stockstudioX
Article "REQM guidance matrix", Motive: "Orange Anker Bojen" / ©iStockphoto.com/mariatul

Issue 2017-01: All lights on green

Article "Functional Requirements and their levels of granularity", Motive: "Ampel in der Stadt" / ©iStockphoto.com/snvv
Article "The Business Case for Agile Business Analysis", Motive: "Nacht-motion in einer großen Stadt" / ©iStockphoto.com/niromaks
Article "Biased Toddlers", Motive: "Xinyi District und Wolkenkratzer Taipei 101" / ©iStockphoto.com/RichieChan
Article "Making "agiLE" Work", Motive: "Grüne light" / ©iStockphoto.com/AsianDream
Article "Tracing Change Requests", Motive: "Nachtansicht von Taipeh city" / ©iStockphoto.com/RichieChan
Article "Sharing My Doubts on Goals and Requirements", Motive: "Ampel in der Stadt" / ©iStockphoto.com/snvv

Issue 2016-03: An eye for detail

Article "Requirements Engineering in German job advertisements", Motive: "Araucaria" / ©iStockphoto.com/Magdalenawd
Article "Modeling Requirements with Constraints", Motive: "Löwenzahn" / ©iStockphoto.com/Tiramisu Art Studio
Article "KCycle: Knowledge-Based & Agile Software Quality Assurance", Motive: "Cobweb" / ©iStockphoto.com/bearacreative
Article "THE CONTEXT-CANVAS", Motive: "Wellen der Achat Struktur" / ©iStockphoto.com/DrPAS
Article "Improving the Use of English in Requirements", Motive: "Grünen Limette" / ©iStockphoto.com/A-Basler
Article "Sharing My Doubts on Shall / Should / Will etc.", Motive: "Krokodilleder" / ©iStockphoto.com/Elen11

Issue 2016-02: Take the broader view:

Article "How Requirements Engineering can benefit from crowds", Motive: "Sunrise over the road" / ©iStockphoto.com/oriontrail
Article "Modeling Requirements and Context as a means for Automated Requirements Validation", Motive: "pier beach dusk right position sunset sunrise ebro" / ©iStockphoto.com/Eloi_Omella
Article "Leveraging Creativity Techniques in Requirements Elicitation", Motive: "Beautiful sunshine day in Saara Desert" / ©iStockphoto.com/denishornos15
Article "NLP for Requirements Engineers, Part 2", Motive: "Morning Sun Over Wheat Field" / ©iStockphoto.com/SimonSkafar
Article "Managing the Invisible", Motive: "Near Space photography - 20km above ground / real photo" / ©iStockphoto.com/dell640
Article "Sharing My Doubts on Acceptance Criteria", Motive: "Evening colored view of blue horizons" / ©iStockphoto.com/DanielPrudek

Issue 2016-01: Seeking new perspectives:

Article "The Genius Toddler Challenge", Motive: "Autumn tree in the forest with sunflare" / ©iStockphoto.com/franckreporter
Article "Requirements Engineering in Research Projects: Food for Thought", Motive: "Spiral staircase" / ©iStockphoto.com/Mimadeo
Article "What makes Women Better BAs", Motive: "Aerial view of the village harvest fields" / ©iStockphoto.com/MariuszSzczygiel
Article "Evolving and Improving the Requirements Approach to Big Data Projects", Motive: "Office building interior escalators and stairs" / ©iStockphoto.com/123ArtistImages
Article "NLP for Requirements Engineers, Part 1", Motive: "Modern Glass Staircase with Silhouettes of People" / ©iStockphoto.com/Easyturn
Article "RE in Agile Projects: Survey Results", Motive: "Man swimming underwater in the pool" / ©iStockphoto.com/outsiderzone

Issue 2015-04: Building the extreme:

Article "Cyber Security Requirements Engineering", Motive: "Colosseum at sunset" / ©iStockphoto.com/sborisov
Article "IT Requirements when Buying, not Making", Motive: "Al Khazneh - the treasury of Petra ancient city, Jordan" / ©iStockphoto.com/NickolayV
Article "Survival Kit for the RE Guy", Motive: "The Pyramids of Giza" / ©iStockphoto.com/WitR
Article "An agile lifecycle for requirements", Motive: "Great Wall of China" / ©iStockphoto.com/fotohunter
Article "Stable? Fragile? Agile! Attractive but reasonable", Motive: "Taj Mahal in sunrise light" / ©iStockphoto.com/Elena-studio
Article "Requirements Engineering Workshop in Mozambique", Motive: "Monument of Chichen Itza during summer in Mexico" / ©iStockphoto.com/SerrNovik

Issue 2015-03: Thinking without limits:

Article "Applying IREB RE practices in an agile environment", Motive: "3D architecture abstract 16926749" / ©iStockphoto.com/nadla
Article "A Finite State Machine Model for Requirements Engineering", Motive: "3D architecture abstract 14810331" / ©iStockphoto.com/nadla
Article "The Business Analysis Center of Excellence", Motive: "3D architecture abstract 16965644" / ©iStockphoto.com/nadla
Article "Is requirements engineering still needed in agile development approaches?", Motive: "3D architecture abstract 17021862" / ©iStockphoto.com/nadla
Article "Requirements Elicitation (ReqElic) in My Company", Motive: "3D architecture abstract 16935711" / ©iStockphoto.com/nadla
Article "Requirements under construction", Motive: "3D architecture abstract 17021777" / ©iStockphoto.com/nadla

Issue 2015-02: Bridging the impossible:

Article "Mobile RE", Motive: "Newport Bridge Twilight Sunset with Sailboats Rhode Island USA" / ©iStockphoto.com/wordplanet
Article "Building in security instead of testing it in", Motive: "Brooklyn Bridge and Manhattan at sunset" / ©iStockphoto.com/FilippoBacci
Article "Agility and Obligation", Motive: "Arthur Ravenel Bridge in Charleston, South Carolina" / ©iStockphoto.com/skiserge1
Article "RE in Agile Projects: a Survey", Motive: "Montreal, Jacques Cartier Bridge, Architecture, St. Lawrence River, Quebec, Canada" / ©iStockphoto.com/jnnault
Article "Modeling Requirements with SysML", Motive: "Golden Gate & Cargo ship passing below" / ©iStockphoto.com/Manakin
Article "LELIE", Motive: "Launch" / ©iStockphoto.com/Gary_Newman

Issue 2015-01: Ruling complexity:

Article "Catching the Worm", Motive: "Modern building structure with curving steel" / ©iStockphoto.com/donkeyru
Article "Agile Product Ownership", Motive: "Modern Glass Architecture" / ©iStockphoto.com/Nikada
Article "The Recover Approach", Motive: "Waves facade design - Balconies like waves flow elegantly." / ©iStockphoto.com/Nattakit
Article "Agility and Obligation", Motive: "BCE Place in Toronto" / ©iStockphoto.com/pawel.gaul
Article "Bridging communication gaps with a Feature Tree", Motive: "Esplanade" / ©iStockphoto.com/sumnersgraphicsinc
Article "Requirements Engineering and Agile", Motive: "Modern architecture: Golden Terraces" / ©iStockphoto.com/KrakoZawr

Issue 2014-04: Steady flight:

Article "Advance", Motive: "airplane flying under blue sky" / ©iStockphoto.com/TonyYao
Article "Poor requirements?", Motive: "Paraglider in the Alps" / ©iStockphoto.com/RollingEarth
Article "TORE", Motive: "View From Flying Airplane" / ©iStockphoto.com/narvikk
Article "Readable requirements", Motive: "Flying Into The Blue" / ©iStockphoto.com/Richmatts
Article "Customized Agile RE Process", Motive: "Fly" / ©iStockphoto.com/BertoloniClaudio
Article "Translating Exam Questions", Motive: "Sunlight from the porthole on airplane" / ©iStockphoto.com/franckreporter

Issue 2014-03: Gaining height:

Article "Project Value Delivered", Motive: "Roads aerial" / ©iStockphoto.com/pro6x7
Article "Automated Quality Assurance", Motive: "Airplane wing" / ©iStockphoto.com/alvarez
Article "Open Up", Motive: "Austria" / ©iStockphoto.com/FrankvandenBergh
Article "How agile can Requirements Engineers really be?", Motive: "Hot air balloon in the blue sky" / ©iStockphoto.com/tomch
Article "Rigorous Verification", Motive: "Landscape" / ©iStockphoto.com/fotoclick
Article "Product Management", Motive: "top view" / ©iStockphoto.com/Photoservice

Issue 2014-02: Gathering speed:

Article "Toward Better RE", Motive: "running deers" / ©iStockphoto.com/lucamanieri
Article "Product Owner in Scrum", Motive: "Brahminy kite flying over the water at high speed" / ©iStockphoto.com/MarineMan
Article "Opportunities & Approaches", Motive: "Cheetah at full stride" / ©iStockphoto.com/photosfromafrica
Article "Gender Studies", Motive: "Sea Lion" / ©iStockphoto.com/Wafue
Article "A key technique", Motive: "Flying Manta" / ©iStockphoto.com/renacal1
Article "Building the bridge", Motive: "Chick" / ©iStockphoto.com/AtnoYdur

Issue 2014-01: Learning to fly:

Article „Five Questions“, Motive: „Aircraft engine“ / ©iStockphoto.com/the_guitar_mann
Article „Innovation Arena“, Motive: „Retro airplane front view“ / ©iStockphoto.com/icholakov
Article „Think Like a Scientist“, Motive: „Smiling pilot“ / ©iStockphoto.com/big-dan
Article „Requirements Reuse“, Motive: „Old airplane cockpit“ / ©iStockphoto.com/icholakov
Article „What does it mean?“, Motive: „Retro lady and biplane aircraft“ / ©iStockphoto.com/Elysiumm
Article „RE for Testers“, Motive: „Aircraft boarding truck“ / ©iStockphoto.com/Acerebel
